TRANSYLVANIA LAW SCHOOL. THE departments of this School have been filled and ex-I tended by the appointment of the Hon, THOMAS B. MONROE, who has long been a successful instructor in various branches of the Law, to the professorship he has ac-

prudence and Pleading, and the Law of Comity.

The Hon. THOMAS A. MARSHALL, (late Chief Justice and now Judge of the Court of Appeals of Ky.,) Professor of the Common Law, Elementary and Practical, including Pleading and Evidence.

The Hon. THOMAS B. MONROE, (Judge of the U. S. District Court for Kentucky,) Professor of Civil, National, Criminal and Commercial Law. And

M. C. JOHNSON, Adjunct Professor, who will attend the

class in the casual absence of the regular Professors. The winter session of this School will commence, as usual, on the 1st of November, and will be prolonged to five instead of four months, as heretofore. This extension of the session will enable the Professors to give a more extensive and thorough course of instruction, which will be carried on principally by daily examination in designated portions of the text books, with such explanations and illustrations as may be deemed necessary, and also by Moot Courts, for pleading and the discussion of legal questions, and by requiring from the students written exercises in drawing up bonds, deeds and other legal instruments, arguments and minions. The attention of the students will also be special ly directed to the history of Jurisprudence, and to Civil His-tory as connected with the progress of the Law, and to the Federal Courts. The books will be principally such as have been heretofore used, to be furnished by the students. The extension of the session and of the course of instruction will produce some increase in the cost of the Professor's tickets, the particulars of which will be hereafter announced. It is expected that there will be a second session of five months in each year, and in fact that arrangements will be made for a continuance of regular study and exercises during the whole year, by such students as may desire it. Diplomas will be granted at the end of each session to such as are found qualified to receive them. M. C. JOHNSON, oct21—trif Chairman Board Trustees.

HARDWARE AND CUTLERY, FALL STOCK FOR 1852. THE undersigned are now in receipt of their entire stock of HARDWARE and CUTLERY for the Fall Trade, and in ealling the attention of the merchants of Tennessee, Kentucky, and North Alabama, to their stock now in store, they feel confident that it will be found to compare favorably, both as to quantity and assortment, with that of any other House in the country.

Experience has already demonstrated to the satisfaction Experience has already demonstrated to the satisfaction of a large majority of dealers in this section of the country, that in the article of Hardware at least, the Nashville market is preferable to those of New York and Philadelphia; for the simple reason that this description of goods will not bear the heavy expenses of transportation which must necessarily accrue when brought through by canals and railroads. The undersigned are also enabled to place their customers on an equal footing with those purchasing in any other market, from the fact that their European goods being all imported direct from the manufacturers by way of New Orleans without touching New York, thus enabling them to offor their goods at a small advance on importation cost. rious branches of the Law, to the processor of consists of cepted. Bills always mcderate. jan22 J. L. GRACE. IN GREAT DEMAND. W E are supplying as fast as we can manufacture them, the popular Wrought Iron Cooking Stove called THE TENNESSEAN, and we offer the following good and sufficient reasons why it should be in every family in the South: 1st. It is of Southern manufacture, being made by the

subscribers in the city of Nashville. 2nd. It is of such durable materials that it must out last three or four cast iron stoves. 3rd. It is more complete in its cooking apparatus than any cast iron cooking stove.

4th. It is so complete in its construction, that a child can use it

5th. Its economy of fuel is such, that it does not use half as much fuel as a cast iron stove of the same size. 6th. In economy of time it is important, as it can be heat-ed ready for cooking in a few minutes. 7th. Its uniform regularity, as every part of the stove is equally heated at the same time. 8th. Its perfect reliability, as we have put up over 400 of

them in this State, and no one has ever failed to give entire satisfaction. The Tennessean has now been before the public for five years, and if not as new as some, it has another advantage quite as great, viz: a well earned reputation and a rising credit. It has been doing the work of many hundreds of families for several years, and it may be said, TO HAVE ES-TABLISHED ITSELF IN BUSINESS. Competition and change have done it no hurt. Like an old and well known trading

house that retains its regular custom, while new ones are springing up around it, so this stove has held on its way. No stove could thus steadily and permanently prosper, that has not sterling qualities-the true element of suc The Tennessean started on right principles, and has had no occasion to stop for improvements. Those who have used it, are determined still to use it, without modification or change. It is brought forward as the same substantial, convenient, business-like stove, that has served the public so well heretofore, and that has done its full share in gaining for our establishment the reputation it enjoys; of keeping the best cooking stoves in the market. I had tried of several whom I thought to be the best physicians in the place and a great many different medicines, with momentary relief. Being persuaded to try your alterative compound, I did so—and I am happy to say that it has entirely cured her; and I would conscientiously recommend it to all persons suffering from diseases of the liver and dyspepsia.

Henrisville, Sept. 29, 1851. Dr. Bledsoe-Having seen the publication of your Alteralive Compound, I think it my duty te say to the public, that I had been for years subject to spells of Cramp Colic, in its worst form; that I had tried almost every thing that is given by physicians, and never found any thing that us given by physicians, and never found any thing that would certainly relieve me, until I tried the above medicine, which has relieved me in every attack in less than an hour.

WM. B. LLOYD. GRES COUNTY, Team., Dec. 23, 1851.

DR. Bledson: —I feel that I should fall short of my duty to you and to those who are afflicted, were I not to further recommend your Alterative Compound. It has entirely relieved me, so that I have not had cause to take anything in two menths. I can eat anything I want with impunity, and believe my health is as good as it ever is at my advanced age.

Should I ever suffer from dyspepsia again I shall be sure to call on you. I am very respectfully your friend.

Dz. Bledsoe: Sir: Judging from the certificates you have already advertised, it will be almost unnecessary for me to add further evidence in regard to the healing virtues of your Compound; but I amst say, that for years I suffered a great deal from Dyspepsia and enlargement of the spleen, and thought that I never would recover. I commenced taking your compound about nine weeks since, and have gained 25 or 30 pounds, and feel about as well as I ever did.
